

# Klara

Quiet lavender baby blue rooftops,  
Where dance soft summer raindrops –  
Her starry night's place to go,  
Now the host immaculate snow.

Opal heart diamond mind,  
Wishes / hard work / dreams aligned –  
Winter street light cobblestone walk,  
Echoing footsteps honest talk.

Mountain forests rivers miss her,  
Strong persevering best ever sister –  
By your side come what may,  
A teacher's sheltering trust making way.

Incarnate merciful daughter earth,  
Aware the children / what life is worth –  
The need for climbing heaven's stair,  
As gift for others / all things fair.
