

Nadine

Ink drawn trees charcoal skies,
Random too beautiful to analyze –
Personal fortitude / undying will,
That same night-wind courts you still.

Own a quiet cobblestone lane,
Glowing windows / red brick stain –
Café invitation talk and dine,
Is this the place you had in mind?

Hours filled with respect and surprise,
Love and kindness / dust on the rise –
What heaven looks like / how to get there,
Imagine everyone choosing to share.

Reliable / responsible / self-styled,
Caprice and dignity / irrevocably wild –
Resolving the crisis must be conceivable,
Phase transition always achievable.
