In that selfsame galactic stream,
Refining expressions the story means –
Shadows dancing on lake stone wall,
Even on holiday never far from it all.

Gallant / strong willed / persevering,
Past what Sisyphus might have been feeling –
Long nights / winter stair,
Evident something sacred there.

Diamond minded / laser direct,
Refined questions commanding respect –
Serious scholarship / quick to discover,
Responsible snowmelt river lover.

Children in trouble and animal friends,
While most minds want to make amends –
Obviously something's still not clear,
Who else lead the Dream steps near.
