**C**hagall might your portrait paint,  
With brothers sisters sinners saints –  
Blue with longing pull of tide,  
Home again each others eyes.

**T**o the sea as quickly could,  
Meandering meadows trembling wood,  
Summer shadows sleepy towns –  
Autumn's train life's wedding gown.

**T**alking skills mind for business,  
Sidewalk brunch sunday dress –  
Preserving tradition conceiving new,  
Weighing possibilities points of view.

**S**ign reader secret keeper,  
Rivers bending always deeper –  
Angels for the children fear,  
What pray tell going on down here.
