

Adrienne

Beneath the trees, a stretch of lake,
Self-confident as Heaven could make –
Surrendering down to a place we can talk,
Picnic blanket, quiet walk.

Guest of the bees, the field, the Sun,
What Humanity means far from done –
In so many words, Stars so bold,
Take apart everything yesterday told.

Redefining family, so never alone,
Gold Celtic knot cabochon stone –
It's clear we inherited a failing Narrative,
Across the spectrum Change the imperative.

Michaelangelo's David, Eiffel's Tower,
Love for the People taps Nature's Power –
The Transition needed is legendary,
Band-aids, sure, and every exemplary.
