

BRAD

Spent hours thinking it over,
Neon cities farmlands clover,
Calls answers flesh bone –
Growing feeling earth is home.

Children the picture centermost,
Motherly planet gracious host,
Wheat fields hillside vineyards –
Living mosaic priceless shards.

Blackbird flight noonday sun,
Rivers to cross more than one –
Warm thoughtful humanly vulnerable,
Street wise too, informed adaptable.

Legendary his storytelling skill,
Plenty assertive does what he will –
Hope he knows he's also magic,
Save the show from ending tragic.
