

CARLOS

Long ago when kids back home,
Made sure we never felt alone –
Gravel roads county fair,
Easy going brotherly care.

Growing with you magically,
Learning adapting organically –
Summer river afternoons,
Flowing swirling cross the room.

Always willing to talk things over,
Kitchen table coffee lover,
Get down way of making it real –
Dramatic blend of think and feel.

Slow then suddenly you come near,
Gentle warmth nurturing tear –
What define where lead us now,
What reality what how?
