

Dan

Factor the Sun in your magnitude,
Gifted mind mid-day attitude,
Jazz in the background rock n' roll –
Definitively living referential.

Taking the road beyond appearances,
Praising the quantum relative differences,
Doing everything so completely –
Clarity of speech adds up to sweetly.

One part twenty-four karat gold,
Another a heart stubborn bold,
Topaz summer bright soft sunset –
And we haven't even started yet.

however as it just so happens –
The systems gotten a bit mishapen,
And Life's in need of a real-live savior,
Would you please do us all a favor?
