

Dan

Deeply Stardust, Sun and Sea,
Goodness, Self and Possibility –
Planetary Home Maker, shimmering feelings,
Compassionate vein in all your dealings.

Exemplary dad, stellar brother,
The Moon in believing Love One Another –
Postmodern carpenter making it Real,
Getting down to business, the actual deal.

The fire crackles a shower of sparks,
Descendant the sharing egalitarian Quarks –
Vulnerable waves scroll on down the beach,
The Dream in our hearts still within reach.

The Help Wanted Sign is for a Guide,
In case of getting lost or how far the tide –
Bet there's a dimension for being Friends,
Where One Another's Presence never ends.
