**S**oftly the sun weds valleys crest,  
Warming dragonfly brookside rest,  
Babbling spillways moss covered stones –  
Sensibilities in flesh and bone.

**C**rystal wings prodigious eyes,  
World waiting uncharted skies,  
Home wherever the wind abide –  
Solitary mind kindness your guide.

**L**earning changing living glowing,  
Nurturing goodness cup overflowing –  
Bent space gather 'round time,  
Planet children morning rhyme.

**A**ware systems not succeeding,  
War endless hunger bleeding,  
Failing leadership time to mention –  
Something blocking our best intention?
