Summer afternoon stroll in the park,
Children, Dogs, Human sparks –
Celebrating Reality / Living Poem,
Galaxies, Planets, beloved Home.

Eyes of a brother / warm Opal Heart,
Welcoming Friendship from the start –
Engaging the World / vast and dense,
Easy confidence / can get intense.

Aware these days ragged potentials,
Planet's future / humankind credentials –
A New Earth evolving / struggling / pending,
Pangs of a Possible / family unending.

For now it's corruption, gamesmanship, tears,
Self-as-separate / where going fears –
The Miracle, states Saturn, bears a price,
Reparation / forgiveness / sacrifice.
