

Emily

If not since morning then before,
She's been knocking on said door –
Thinking sparrows only fledged,
Forget-me-nots the rivers edge.

Recalls all manner of living spirits,
Angelic gatekeepers or very near it –
If only footsteps the door a crack,
Luminous swirl with eternal black.

Temperate gracious sisterly essence,
Crocheted shawl hearthstone presence,
Want to know what she values most –
Invite you home be your host.

Her world dying unless things change,
Complex whole alarming strange –
If wealth were shared love the rule,
Place sustainable positive cool.
