

Elise

Sunday morning / sparkling noon,
Meandering meadows summer stream –
Untamed lark's ascending notes,
Song of flowers petal boats.

Postmodern imaginary / wild / concrete,
Down to business / clear / discreet –
Grasps the narrative in things she sees,
Statues / fairytales / pathways of bees.

Inside the sky her nest / her home,
Intellectual sister / loves to roam –
Fun to talk with / quick to learn,
Her stories spiral twist and turn.

Right on into the anthropocene,
Crucible / post-existential scene –
Where Nature asks would she like to dance,
Hold hands / be a savior / take a chance.
