Gail

Her space nests fledgling times,
Aching harmonies/ethereal chimes –
Garnet twilight summer lake,
Star stuff stirred with darkness wakes.

Delicate shoreline forget-me-nots,
Sisterly spirit Earth long sought –
Making her usual mystery appearance,
Venus inspired story's coherence.

Butterfly vulnerable/streetlight bold,
Honest/careful/mind of gold –
Charming hearts unraveling tangles,
Down to business/lights the candles.

Feeling for life more than a trace,
Witness for the childrens case –
Climbing mountain's beseeching crest,
Perseverance put to the test.
