

Hedi

When night met the morning sun,
Expectation came undone –
As strangers caught in a summer rain,
Single umbrella, cobblestone lane.

In wordless raindrops and in-between,
Each storytelling / what it could mean –
Reason, feeling and wonder pearled,
Enchanted home / magical World.

Schooled in history, vowed to actualities,
Unsecretly skilled in business realities –
Worried, vulnerable yet super confident,
Inextricable from the Planetary covenant.

Passing glimpses in window reflections,
Closing distances, a predilection –
Saturn suggests the key is choice,
Seeing a possibility / giving it voice.
