HORIZON glows morning seeps,
Still the electric paradise sleeps –
You on the balcony in quiet wake,
Aware a part the wonder make.

MARS bequeathed a business sense,
Conjunct the sun confidence –
Show and tell a personal your norm,
Candid leader vulnerable warm.

DEMOCRACY lives within your heart,
Presentation communication art –
Working on words creating the deal,
Transforming visions into real.

TO take it up a level improve evolve,
Ideas of fairness need resolve –
A world of conflict pollution pain,
Cries redream peace love again.
