Checked TRAIN STATIONS BARS DINERS,
Bothered the moon STARS TIMER,
Bankers judges all the rest –
Where gone shy promised guest.

Picked him lilies summer berries,
Spoke of angels burden he carries –
How the clouds this overcast sky,
Swore our love could never die.

Living canopy RIVERS sigh,
Ear attuned MISFORTUNES cry –
Warm wishes lingering words,
Autumn magnolias flocking birds.

As planets go EARTH not so bad,
Could be the home you never had,
Peace family to sweeten the deal –
Needs some help to make it real.
