

Jennifer

Planet shimmers edge glows,
Heaven fades daylight grows,
Morning meadow pathways cross –
Summer's quest not yet lost.

Unseen doe keeps watchful eye,
Fawn cavorts with dragonfly –
Embraces trust displaces fear,
Wild creatures venture near.

Politically savvy creative sis,
Fearlessly accepts loves risks –
Thankful fortunate triply blessed,
Among the moon's favorite guests.

Ovious the garden deep in trouble,
Matter more than bursting bubbles –
Below in need of help from above,
Time friendship world the dove.
