

Kate

Summer lake unexpected sweet,
 Parallel lines and memory meet –
 Warm assertive unshy sister,
 Fullest moon must have kissed her.

Branching lightning wondrous kind –
 Definitive analytical mothers mind,
 Sorting through her worried dreams,
 Carefully deciding what each means.

Inspired leadership taking a turn,
 Changing moods creating pattern,
 Giving pause making time –
 Multi-dimensional complex rhyme.

Serving others truth be told,
 Her golden heart a ticket holds –
 Saturn asks where this train's going,
 Why when and exactly how knowing.
