

# KRISTI

At the beach winter tame,  
Surf calling her by name –  
Traces of infinity coded to create,  
Waiting at the garden gate.

When you're ready so is she,  
Living sunlight Earth set free –  
Mind to flower your yesterdays,  
By your side come what may.

Always wants to get it right,  
Glowing for you into night –  
Sense of fairness from heaven above,  
Notion of democracy comforting love.

Assertive definitive strong precise,  
Thinks for herself takes her own advice –  
Question: what's the destination,  
To update the ticket information.
