Gifted with the Spirit a Hero needs,
Clarifying Words, courageous Deeds –
Friendly/vulnerable/come what may,
Thinking for yourself/doing it your way.

Out from the crowd/a Person/Self,
Home and Family a special shelf –
Business sense and going somewhere,
But the Future's troubled/All are aware.

Children, the Planet call for a Leader,
Historic assertive nightmare interceder –
Standing for Love whatever the challenge,
Everybody knows that you can manage.

Insisting on Real, the factual, concrete,
Only Moonlight more discreet –
The price for a Savior these days is steep,
Self-as-Separate == the Problem runs deep.
