**S**ummer waves a sky blue sea,  
Melt sand grains into memory –  
Hands for holding / words for spectacle,  
Subterranean to extra-celestial.

**G**athered from moments twilight cast,  
Attitudes wonder respect that lasts –  
Spill of Milky Way sensitivity,  
Get down business sensibility.

**h**earth-logic presence / nest-keeper motif,  
Thinking critically unraveling beliefs –  
What child not wish when night descend,  
Hear you read / tell stories again.

**W**ere it up to you around the bend,  
Stone soul picnic / time on the mend –  
Men into tenderness / humans taking care,  
Money doing what only love once dare.
