

Nnamdi

Given at birth into summer's hands,
Warm shoreline ebony sands –
Carries imprint galactic mother,
Rapture / joy whosever brother.

Gets down to business / needs no hype,
Care / tenderness / nesting type –
From Nubian tales to Sci-Fi stellar,
Children's favorite storyteller.

Into reasoning / unfolding the logic,
Exposing the rules of a world pathologic –
Cleaning cobwebs / layers of dust,
Sheltering wings creating trust.

Equality says Saturn is fundamental,
Freedom real / fairness elemental –
Should ignorance and power fall into collusion,
Ask honesty to help sort the confusion.
