

Rufus

HOURS past sunrise, per Heaven's view,
Though all things far from being made new –
Thoughts in fact on Minds and lips,
What pathway out this moral eclipse.

Always among the first to stand up,
Make good trouble, help answers develop –
Clarity, individuation, visualizing skill,
Streetwise, enthusiastic, come what will.

Generosity beyond Jupiter's Moons,
Energetic mornings, laidback afternoons –
Fiery Stardust, irrepressibly forthright,
Shell cracking open Planetary sight.

Communing, interacting, inviting the possible,
Imagining the Goodness Humans are capable –
Sparkling River, air of Spring,
Windborne Messenger, what news bring.
