Waves a restless summer lake,  
Heartbeats for the childrens sake,  
Keeping them from cold and damp –  
Twas' Aladdin gave him that lamp.

Natural organic present tense,  
Homemade pie business sense –  
Societys pliers escapee,  
Nuthatch backyard recipe.

Wonder air water and fire,  
Who knows how he got inspired –  
Appreciates possibilities in things,  
Realizations mooncloud rings.

Talks with the sun stirs the wind,  
Got the common good in mind –  
What read the signs tracks portents,  
Anyone saying anything important?
