

Sandra

The wind remembers once before,
Garden song too sweet to ignore –
Discerning practical lucid wise,
Steadily rising in morning sky.

Months of travel hours on the phone,
Bright no nonsense mind of her own –
Improvisational creative heart,
Pattern breaking asymmetrical art.

Adaptive courageous fiery will,
Undeniable leadership skills –
Jasmine scent sometimes late,
Post-modern love escape.

If answers yes she'll pay the price,
To save the world make the sacrifice,
Adding forgiveness to her kindness –
Results pure hand holding happiness.
