If STARS could render a moment's vignette,
Those pieces of you to never forget –
Would be in Summer FRIDAY scripts,
Cottage weekends, fun road TRIPS.

Lakeside campfires, family memoirs,
Finding constellations, Nordic STAR –
Storytelling in ways we can feel,
Home, Belonging, making it real.

The MOON, Choice and our DNA,
Befriending the animals, loving to play –
Best of all your on-going advice,
Direction, perspective, sacrifice.

Marveling in Nature, People, the tangible,
So down to business, Love in the actual –
Wrapping it up, what it means for today,
Cue the wind, Saturn might say.
