

Thurston

Sun rise edge of a storm,
Veins of lightning day being born –
Heaven answering love urging,
Shell cracking open Life emerging.

Steady serious watchful eyes,
Leadership all recognize –
Clear minded radically honest,
Uncommon thinking 'bout to crest.

Focal point the evolving scene,
Unpredictable unforeseen –
Act III peace on earth,
Denouement human worth.

Set your goals question choices,
Get things going sort out voices,
Undermine topple drill through walls –
“Where’s the world going?” children call.
