

# ARI

**G**arden roots / human desire,  
Sweet the story you aspire –  
Wandering through a summer wood,  
Forest of pathways bad and good.

**E**voking heroes / saviors / myths,  
Joining yours with flowers' wish –  
Cup of forever / sprinkle star dust,  
Slow cooking stirred with trust.

**C**eltic knots / harp strings,  
What is it messenger / what news bring –  
Dog whistles / all the bells,  
What's going on / can you tell?

**I**maginative / compassionate / practical,  
Do you think the times apocalyptic –  
Eternally grateful / earth so blessed,  
For your help out this hot mess.
