Sea grass pines yellow moon,
Porch chimes quiet dunes,
Cosmos flowers garden gate –
Returning summer wonder wait.

Motherlove steeped in starlight,
Roots deep a sapphire night –
Cut glass crystal carved wooden door,
Never happened like this before.

Venus mars and earth conspire,
O'Keeffe Chopin open desire –
Dinner memories meant to last,
Pearls velvet opal clasp.

For a miracle to be actual,
Needs be presented made factual –
Life's chance it could come real,
Now with nothing left concealed.
