**G**arden clothes / clean hands,  
Flagstone path / ivy lands –  
Earth seeing herself in you,  
Warm / cradling / Life giving blue.

**P**etal's touch / ties that bind,  
Summer morning / library mind –  
Thoughtful / sensitive / Enlightened soul,  
Reason in service Health of the Whole.

**H**atchlings struggle break out their shells,  
Humans a simple Truth to tell –  
We've soiled our nest the astronaut said,  
Decades ago and still no instead.

**T**hinking it over / adaptive / real,  
Around the block / aware the deal –  
Within every chaos there's a pattern,  
If you would teach / we'd love to learn.
