

# Jason

Dakota starlight morning rose,  
Piece of heaven garden transpose –  
Petaled pathway beloved senses,  
Pictures storys mirrors lenses.

Self emergent relationship maker,  
Infinite chaos symmetry breaker,  
Roots reaching grounds eternal –  
According to caterpillars journal.

Adaptive communicative practical,  
Well read careful touch radical –  
Gathering clouds still closed gate,  
Someone mentioned hours late.

Earth told Moon it's you she trusts,  
Saturn contributes, "Clarity's a must."  
So would you light the way from here,  
Is home in sight anywhere near?
