

Johnny

SERIOUS earthling garden messenger,
Aware the hour's gotten later –
Quick handed steady eye,
One to give it his best try.

PATHWAYS branches roots entangle,
Sees the picture from a different angle –
Recounting legends retelling stories,
Travels mythologies celestial glories.

ADAPTIVE enduring nothing usual,
Intelligent practical sweet sensual –
Unraveling narratives perfecting reality,
Once in love doesn't give up easily.

SATURN says more than re-arranging,
What we needs big time changing –
The idea of success Aristotle's mind,
Replaced with altruism radical kind.
