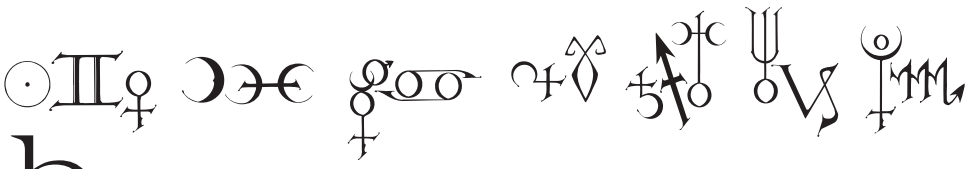
Kendrick



Host a rainy Saturday morning,
Sanctuary eyes/heart warming –
After breakfast conversation,
Kitchen table exploration.

Takes in hand the going down story,
Sure in some way everyone sorry –
Pours more coffee/tell all and think,
Insight/inspiration/messianic links.

Logical hero/mind that feels,
More than visible composing his real –
Communes with forests fields seas,
Sandhills call/his planet grieves.

Believing in greater than money/fame,
A miracle or what goes by that name –
Guide for a world in need of moral map,
No drinking gourd/no directions app.
