

MARIA

Chagall O'Keeffe touch of Kandinsky,
Forget-me-nots blooming escapee –
Speaking of whats seldom spoken,
NARRATIVES leaving her heart open.

Rivers of thought ideas astir,
Layered complex if anything sure –
Garden lover words give you way,
Return us paradise books all say.

Intellectual spirit feelingful mind,
A reputation sweet and kind –
Scented letters communicative kisses,
Wild roses unending wishes.

Gold and lavender roadside song,
You've a shift goes all night long,
Might not even get a break –
Persevere no matter what it takes.
