Sitting with friends round your living room,
Deconstructing narratives once assumed –
Universe-as-mindless / Self-as-separate,
History that perspective made so desperate.

Experience / Science / professorial tips,
Unending wisdom from relationships –
Making sense of the endless tangles,
One's own parallax / convergent angles.

Beloved wordsmith / animal confidant,
Never exactly nonchalant –
Jigsaw crossword puzzle master,
How is it time keeps going faster?

The take away back at your apartment,
File for the what-it's-worth department –
At the crux of the issue is equality,
Sharing or not-sharing / lies or honesty.
