**C**hildren smile faces glow,  
Princess story wouldn't you know –  
One wherein fate gives no choice,  
So warm her soft river voice.

**F**riend by day come moonlight enveloping,  
Reads the signs knows whats developing –  
Takes your hand you know the reason,  
Evening walk summer season.

**B**reath of life complex picture,  
Going somewhere random mixture –  
Admits leaving the gate wide open,  
For any heart ever been broken.

**B**ringing you to the river bend,  
Swirling into never ends –  
Where possibility wonder stir,  
Beginning with a word from her.
