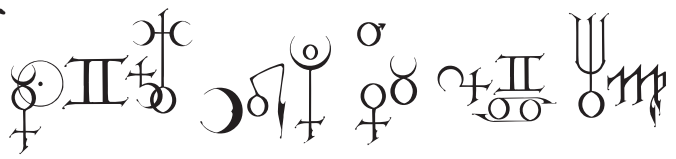
Paul



Dear messenger please the news,
Pattern emerging or picture confused –
Near the budding age of reason,
Taxi time take off season.

Tell us please what you see,
Players game facts fantasy –
You've semantic sensibilities,
Companion making abilities.

Yes the story if you please –
One about the moon and trees,
Meandering canyon river beds,
Sidewalk chalk worlds of insteads.

Pulsing thunder electric clouds,
All the love imagination allows,
Come on baby spell it out –
Born to talk twist and shout.
