Summer porch trellis rose,
Luck for us you this place chose,
In your narrative to call home –
Wherever imagination roam.

Gentle breezes conversations,
Guests travels ancestral relations,
Long before change began –
Jazz the joyful sparrow sang.

Letter writer family maker,
Mind reader bread baker,
Vulnerable heart sister feeling –
Blanket soft Milky Way ceiling.

Every detail tight and neat,
Words messages always concrete,
World in need of your leadership now –
Clarity assertiveness your know how.
