Dandelion wishes forget-me-nots,  
Azure sky tiger lily thoughts –  
Compassionate moon circus runaway,  
Gentle clouds warm summer day.

Seaside soul Tahitian pearl,  
Down the beach in misty swirl –  
Whatever doing forever growing,  
Mindful of a river flowing.

homespun with a sprinkle stardust,  
Someone to be with someone to trust –  
Butterfly making use her wings,  
Influencing what tomorrow brings.

FOR your wishes to come true,  
Something new need to do –  
See possibility then begin,  
Take the initiative once again.
