

# Andrea

**A**gain the bolted lightning sounds,  
Turning heads the world around,  
Sky threatening curtain part –  
Tchaikovsky mind Juliet heart.

**R**iver spirit from mountain lakes,  
Forgives sins overlooks mistakes,  
Heals hurts soothes fears –  
What angel then to dry her tears?

**S**eriously believes in altruism,  
Epiphanies post-modern fashion,  
As in heaven earth not yet –  
Cancellation every debt.

**L**iving savior shepherd the sea,  
Model our garden responsibility –  
How your song we long to hear,  
For more than one cliff edges near.
