

# Beth

**V**enus sends her best blessing,  
You to her mean everything –  
Possibilities winged times,  
World attuned silver chimes.

**R**eassuring conversations,  
Kindness beyond expectation –  
Mind a springtime morning sun,  
Art and beauty heart become.

**E**nergized wise caffeinated,  
Carefully accelerated –  
Not sure what you might say next,  
Organized intelligent way complex.

**W**illful as you've always been,  
Kids hoping you might mention –  
The future greed and fear are shaping,  
In contrast what we could be making.
