

# Chaka

**Y**ellow roses leaves of green,  
Satin ribbons moments pristine,  
Summer ocean morning dew –  
Until now only heaven knew.

**O**pening look smiling eyes,  
Down to earth compassionate wise –  
Forgiving words dispel frightening,  
Silver strands pulsed lightning.

**S**oil turning planting hour,  
Returning meadowlark passing showers –  
Endless whirls of garden synergy,  
Electrifying vernal energy.

**A**ll hinging on just one thing,  
Honesty the gift you bring –  
Finishing what you began,  
Those love letters left in sand.
