

Gloria

SciLLa crocus yearlings yearn,
With sandhill crane the season turn,
Warm moonlight forest air –
Promised hour humans share.

Sun in roof beams parting clouds,
Waking moments love allowed –
Morning coffee river walk,
Skyscraper shadow redemption talk.

Confident / honest / dream like knowing,
Never a minute never slowing –
Forgiving eyes the world anew,
Ask the wind it could come true.

Unheard overtures just prelude,
Nothings impossible attitude –
Art of unlocking the inner self,
Altruism down from the shelf.
