

Harvey

Ocean soul the narrative banned,
Turquoise dream edge silver sand –
Teaching us turn the other cheek,
Cello segue redemption the meek.

Breaking waves shoreline bliss,
Treasures nothing more than this –
Pine trees trillium back yard gardens,
Praying only he'll find pardon.

Unreal doubtless hardly believable,
Relativity more inconceivable –
Sun break out midst pouring rain,
Spilled wine turning elegant stain.

Soup meanwhile simmers bubbles,
Hunger homelessness hatred troubles –
One more time Love looks and asks,
This challenging difficult winter task.
