**B**elieving it frames a daring angle,  
Life / possibility / history entangle –  
Orange sunrise night train,  
Gateway spirit electric vein.

**S**parkling charmed heavenly tryst,  
Unending precious teardrop twist –  
Fire started enchantment woke,  
Rooftop raindrops love invoke.

**F**using closure and prelude part,  
Wading in the river art –  
Open minded pristine light,  
Tiger tiger burning bright.

**O**n the table waiting begun,  
Saturn would none left undone –  
Equality / fairness / finely pearled,  
Time turn paradise / woman safe world.
