

John

Sweet the possibility inside you,
Emerging almost frightening new –
Same moonlight life came from,
Some refer to kingdom come.

Jade steps a spiral staircase,
Peony speed magical place –
Light years from gardens gate,
Your Universe unforgettable date.

Willful soul river mind,
Forward moving spinning sign –
Marching bands enigmatic parade,
Human identity needs an upgrade.

In the sacred each plays a part,
Love a dreamscape life an art –
Depends on the mirror who you see,
What role offer liberty.
