**I**mpossible except on Sacred Grounds,  
Dream Healers making their rounds –  
Aware believing is what we see,  
Choosing Love and Possibility.

**F**orgiveness, compassion, willing to pay,  
Godsend for a difficult day –  
Clear about what enlightenment means,  
In your hands Humankind's dreams.

**H**ope you often visit the Sea,  
Dance the edge of Infinity –  
Not alone feeling things aren't right,  
The Planet calling in desperate plight.

**P**ersonifying the Swords-to-Plowshares Age,  
Ninety seconds Scientists gauge –  
From a bad end to this World of Competition,  
Get on track to sustainable conditions.
