

Johnny

In this world's eyes a STRANGE sailor,
Unconventional do-good behavior –
EARS for the crying/heart for day,
Milkyway child meant to stay.

NATURAL swimmer/dancer/lover,
Mythic soul/sea your mother –
Sacred blood/rainbow thunder,
Distant starlight living wonder.

COUNTLESS possibilities stories tell,
Entrusted with wishes made at the well –
Matching forgiveness with forgets,
Walks with you none e'er regret.

MORNING cloaks the lake in steam,
Power and money up against dream –
You've a role the magic happenstance,
Emergent pathway deliverance.
