On a path a thousand names,
Words productions never tame –
Edging ponds where lilies open,
Hearts retreat heal when broken.

River eddies searches yearns,
Whorls for living saviors turn –
Egalitarian compassionate refined,
Direct honest intellectually inclined.

A hundred centuries maybe more,
Separation competition violence war –
Wheat fields clouds tears beseech,
Peace on Earth imaginations reach.

Venus fashioned map and key,
Introduces possibility –
Before beginning any dance,
Have to believe there's a chance.
